

# RIFT VALLEY GOLD AIR SAFARI

8 Nights

The rift valley gold tour combines the contrasting wilderness of South Luangwa Valley in Zambia with the idyllic scenery and friendly people of Malawi. The two southernmost arms of the East African Rift Valley set the scene for this unique air safari. The one arm formed the third largest lake in Africa, Lake Malawi, which is known worldwide for its abundance of tropical fish. The western arm stretches into Zambia, where the Luangwa River originates and flows southwards through the Luangwa valley.

We specialise in personalised air safaris for small groups to guarantee individual attendance to your interests and needs. You will be accompanied by the same guide throughout the safari, with the aim of making it a memorable experience.

## FEATURES OF THE SAFARI

The lush grassland and Mopane woodland along the Shire River in the south of Malawi offers the ideal habitat for elephants. On the river cruise we get so close to the crocodiles and hippos that even the seasoned traveller will feel a chill down his spine.

The sunny climate of Likoma Island invites you to swim and snorkel or just to relax and watch the fish eagles soaring overhead.

The high montane grasslands of the northern Nyika Plateau, where Zebra and Eland thrive, is our next destination. If you are keen on getting very close to the animals, a horse-ride is your activity of choice. The lucky ones might even see a leopard.

To round off the safari we fly to South Luangwa National Park, home to Africa's 'big five', where the rich volcanic soil supports a wide variety of vegetation.
